## DAZED, CONFUSED, AND SEEING STARS: CONCUSSION

---

PRESENTED BY:  
Carla Floyd-Slabaugh, DrOT, OTRL, CBIS

This webinar will inform the participant about common concussion symptoms, the impact on a person's daily occupations, and role of OT with different age groups. The webinar will also inform the participant about Second Impact Syndrome, the significance of a client's past medical history, Post-Concussion Syndrome, and research regarding differences between males and females.

1 Contact hour will be awarded for participation in this event.
